This is our second Dual Sport and we will be using a combination of New Trails and some preexisting trails that may not accommodate Adventure Bikes. As a club we have laid out 1000's of miles of trails for our Enduros and Hare Scramble to be rideable for all skill levels.

Recommended:

Street Legal Knobby Tires *** Highly Recommended
Adventure Style Bikes over 800cc are strongly discouraged - Our trails are not currently laid out in a manner for bikes over this size, but if you feel you can complete the course you are welcome to join us.

Get ready for fun. It is generally warm 85-90's in September so plan for warm weather.
