This is our first Dual Sport and we will be using a combination of New Trails and some preexisting trails that may not accommodate Adventure Bikes. As a club we have laid out 1000's of miles of trails for our Enduros and Hare Scramble to be rideable for all skill levels. We look forward to setting up this event and if a success will continue to hold these type of events.

Recommended:

Street Legal Knobby Tires *** Highly Recommended

Adventure Style Bikes over 800cc are strongly discouraged - Our trails are not currently laid out in a manner for bikes over this size.

Get ready for fun. It is generally warm 85-90's in September so plan for warm weather.
